President's Corner

What an interesting year. It has been filled with the sadness of Covid19 and not being able to get together but also the year that we got the building weatherized and with new roofing in the near future will enable TEAA to sustain the building for another several decades. I spoke to a member recently about joining this year, and she didn't think we were still functioning because of Covid. But we are! Maybe not to the level of regular workshops, and classes – but beautiful shows, an exciting spruced up Entrance Gallery, smaller groups still meeting, and a Zoom account for getting together and potential online workshops designed for us in the near future. The 2020 Board is passing on a stable budget that, with care, will mean roaring back to full functioning as soon as we are vaccinated and feel safer working and meeting in public. Thank you all for your support and encouragement this year. It's been truly a pleasure to have been your President at this time. ~ Kitty Paino, *Outgoing President*

Please Return Your Ballots

It's time to return your official Ballot you received in the mail. It is due on March 4th. If you haven't already, pop it in the mail today! Otherwise bring to TEAA and put in the manilla envelope in the Studio. We are pretty much begging you to consider putting your name as a write-in vote, especially for the offices that have no one running. There are folks who will train and help you and many of the activities can be done at home with meetings on Zoom. Please consider. If you don't want to be an officer, write a note and send in with your ballot. With no officers in some positions, we may need to do it by committee. Thanks so much! If you didn't receive a ballot with directions you can print the ballot or contact Michael dooner_or2007@yahoo.com or Jim jimschoeffel@gmail.com

Some Fun for Members! General Meeting

Be sure to join us for the all-member General Meeting on Friday, March 12, 2021 at noon on Zoom. You can eat your lunch and see and talk with other members. If you don't have a camera on your phone or computer, you can sign in with any phone and participate that way as well – much like a conference call. See the ZOOM Test DRIVE with Kitty below if you think you might need help.
